About us

History of Goldman started in 1989.

Goldman is a professional manufacturer of cast iron bathtubs. We have modern production facilities. Producing more than 60 kinds of high-quality bathtubs in a total amount of more than 120000 peaces per year. We are the manufacturer of the complete cycle of production, that allowed us to be competitive in pricing, product quality, and yearly increase the volume of production. One of the most important factors of our work is quality and functionality of our products, that was approved by our customers from more than 50 countries, such as USA, Australia, France, Egypt, Russia, Lithuania, Ukraine, Greece, Italy, Korea and others. Our bathtubs meet the standards ISO9001-2000 of international quality management certification system, and won numerous different international awards. Our products have modern design and style.

One of the most important factors of our work is quality and functionality of our products.

One of the topmost factors in our work is the quality and performance of our products.
